

# Double door upright

ice storage bins

Industry exclusive SmartGATE ice shield

## Features

Designed for safer and more sanitary ice access

- industry exclusive SmartGATE® ice shield controls the flow of ice to reduce spills and limit contact with ice
- locks in three positions and returns easily to full down position – even when bin is full
- better access to safely loosen congealed ice
- no bending into bin means more sanitary ice removal with a scoop or shovel

Fresher ice

- first ice in is first ice out

Ice compatibility

- compatible with all ice types, including customer preferred Chewblet® ice
- dual access doors allow for dispensing two different ice types with use of center partition accessory

Durable, user friendly construction

- full stainless bin exterior
- corrosion-resistant poly bin liner
- heavy duty “stay-open” PowerHinge™ door hinge – easy one hand open and close without door catches
- molded-in gasket never needs to be replaced

Easy installation

- comes assembled, simply screw in legs

Includes:

- custom-cut stainless tops for most popular ice machines
- 82 oz plastic ice scoop

## Accessories

SmartCART™ 75 ice cart (item# 00112771)

Center bin partition

Ice paddle and hanging bracket (item# ABICEPADDL46 for SG1850; item# ABICEPADDL for all others)

Ice rake (item# AB36RAKE for SG1850; item# ABICERAKE for all others)

Plastic ice shovel (item# ABICESHOVEL)

Additional carts and accessories (refer to form# 3435)

Item

## Specification

Maximum bin capacity <sup>1</sup>	see model table below
<b>W1</b> Width	see model table below
<b>D1</b> Depth <sup>2</sup>	see model table below
<b>D2</b> Depth with lower door assembly (easily removed for installation access)	add 8.00" (20.32 cm)
<b>D3</b> Depth with door fully extended	add 18.50" (47.0 cm)
<b>H1</b> Height <sup>3</sup> (adjustable)	see model table below
<b>H2</b> Bin sill height	19.00" (48.3 cm)
<b>H3</b> Height lower section	see model table below
Required door access	see model table below
<b>L1</b> Drain <sup>5</sup>	1.00" FPT, center of bin bottom
Temperature range	60 - 90 F (16 - 32 C)
Ice compatibility	all ice types up to 1.00" (2.54 cm) square, including flake ice type
Shipping weight	see model table below

NOTE: For indoor use only

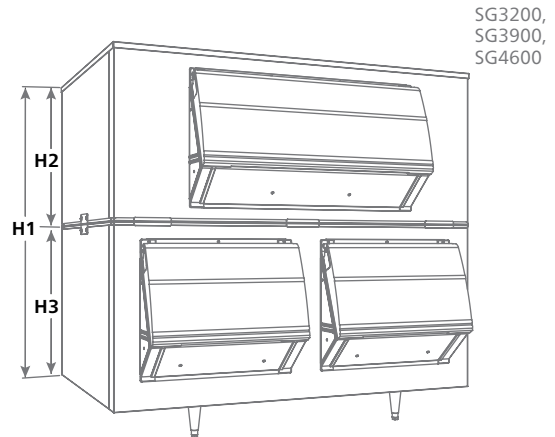

### Short form specification:

Ice storage bin to be Follett model \_\_\_\_\_ with industry-exclusive SmartGATE ice shield. Cubic capacity to be \_\_\_\_\_, to hold approximately \_\_\_\_\_ lb (kg) of ice. Construction to be welded steel shell and frame. Exterior finish to be stainless steel front, sides, back and bottom. Bin liner to have non-corroding polyethylene walls and stainless steel bottom. Bin insulation to be non-CFC polyurethane foam, bonded to shell and liner for added structural strength. Bin top to be stainless steel custom-cut for specific ice machine(s) to be used. Lower door assembly to include non-corroding polyethylene ice door access assembly, polyethylene lift door with PowerHinge door hinge to eliminate gasket and latches, and inner SmartGATE ice shield to positively control ice flow into ice door access assembly area and reduce spillage. Entire lower door assembly to be easily removable for installation through narrow doors. Where used, upper inspection windows to be of molded double-wall plastic to increase durability and minimize meltage and condensation. Bin to have 6.00" (15.24 cm) legs, adjustable to 7.25" (18.42 cm). Bin drain to be 1.00" FPT rigid PVC. Bin to be NSF-listed.

### Warranty:

Follett Corporation warrants to the original purchaser that the cabinet exterior, including the top and trim, and the interior liner will be free of corrosion for 5 years from the date of installation. Date of installation shall not exceed 90 days from date of shipment. Parts and labor for corrosion repair within this 5 year period are covered under this warranty. All other integral components are covered against defects in material and workmanship under normal use and service for a period of 5 years from the date of installation. Date of installation shall not exceed 90 days from date of shipment. Parts and labor for repair within this 5 year period are covered under this warranty. Removal of ice machine to service bin and any labor costs incurred are expressly excluded from this warranty.

### Notes:

- Computed on cubic volume of bin. Does not reflect cart capacity or voids that can occur due to pyramiding.
- Add 8.00" (20.32 cm) to depth (D) for door assemblies (easily removed for installation access).
- Special top required for ice machines weighing more than 1000 lb (454 kg). Add 2.12" (5.38 cm) to height. Contact factory.
- Required clearance for installation access through doors (may require removal of door assembly).
- Follett recommends installation of a floor drain with grate with all ice storage bins.
